

CABINET MANTELS

Wall & Corner Cabinet Mantels for Gas & Electric Fireplaces

CABINET MANTELS

Selecting a Cabinet Mantel

Gas or Electric: Our mantels have been designed with maximum versatility, to fit electric fireplaces, vent-free gas fireplaces and direct-vent fireplaces.

Sizes: Mini (21"), Compact (26"), Large (32") and Extra Large (36") available. Fireplaces often correspond to the width of the viewing area. For instance, a 32" gas fireplace, in most cases, measures 32" across the opening.

Wall or Corner: Cabinet mantels are available in regular wall models or corner models for installations where space is premium.

Choice of Styles and Finishes: A variety of styles and finishes are available to select from.

Ready To Go: All cabinet mantels include a matching base and a handsome black decorative trim that covers the opening between the fireplace and the cabinet mantel.

Cabinet Mantels

HearthSide Designs Cabinet Mantels are available in a traditional style, in all 4 sizes, with the smaller sizes, 21" and 26", designed with a single molding detail on the header, while the larger sizes, 32" and 36" portray a picture frame design. Georgian and Classic styles are also available in select sizes and finishes.
